

DANIEL DE SOUZA FERREIRA

Born on October 1st in 1981, in Brasilia.
Married
Living in Germany

OBJECTIVE

As a highly skilled front-end developer, I seek new opportunities to expand my skills, grow professionally and contribute to the success of innovative projects. I am experienced in creating effective and attractive solutions for users, utilizing the latest technologies and market trends. My commitment to excellence and innovation can be seen in prominent projects such as TechZone333 and GetGood333, both available for download on the Google Store.
